Rugged Servers and LCD Displays for Military Applications

CHASSIS PLANS
Systems Engineered to Perform

DoD Programs and Applications

RELIABLE PERFORMANCE IN EXTREME ENVIRONMENTS

Manufactured in the USA   *ITAR Registered*   *ISO 9001:2008 Certified*

Navy

Ship Signal Exploitation Equipment
UCLASS X-47B
CVN's
DDG's
F-18 Flight Simulator
Rolling Airframe Missile (RAM)
Fleet Replenishment Oilers (T-AO's)
Global Hawk Ground Control Station
Navigation Sensor System Interface (NAVSSI)
Low Band Universal Communication System (LBUCS)
Computer Open System Implementation Program (COSIP)
Next Generation Command and Control Processor (NGC2P)

Air Force

F-35 Matrix System
KC-46 Tanker
Radar Test Station
Joint Range Extension (JRE)
Pocket-J System
Firebird
RC-135
F-16 Flight Simulator
F-22 Flight Simulator
Highlighter Beechcraft King Air A-200T
Distributed Common Ground System (DCGS)
Ground Based Mid-Course
Gorgon Stare

Army

Shadow UAV GCS
J-LENS
Kestrel WAPS
Predator
Patriot (PAC-3)
Vigilant Pursuit
Desert Owl IED Sensor Systems
Saturn Arch IED Sensor Systems
Radiant Falcon DHC-8 Aircraft
Tactical Data Link Integration Exerciser (TIGER)
Tactical Airspace Integration System (TAIS)

Marine Corps

Tactical Data Link Integration Exerciser (TIGER)
Joint Range Extension (JRE)
F-18 Flight Simulator
VIPER-T
